

DRIVING IMPACT

Presented by Adient and Toyota

WHERE CORPORATIONS AND DIVERSE-OWNED BUSINESSES COLLABORATE FOR BUSINESS DEVELOPMENT AND GROWTH.

Throughout the program, participants will work together through comprehensive training, knowledge sharing and networking.

Each curriculum is unique to the participant's needs, focusing on two value propositions:

1 CORPORATE SUPPLIER DIVERSITY EXPANSION

- > Provide mentorship to diverse-owned supplier(s)
- > Tools to assess your company's supplier diversity initiative and develop a strategic plan for advancement
- > Receive business education training and knowledge sharing to build on NMSDC best practices
- > Learn about tools and processes to grow supplier diversity initiatives
- > Help identify diverse participants of the module by identifying upcoming opportunities in your organization

2 DIVERSE-OWNED BUSINESS ADVANCEMENT

- > Identify areas for improvements
- > Receive mentorship with corporations
- > Develop insight about customer base, their needs, processes, and supplier expectations from external training/resources and corporate leaders
- > Engage in peer to peer best practice sharing, tackling common issues
- > One-on-one commodity manager meetings to obtain feedback on capability gaps and priorities for development

There should be no expectation to receive a PO from any of the Corporate Members participating in this module.
